2.0 QUORUM AND ADMINISTRATIVE MATTERS

The presence of quorum was confirmed by the Group Cossec pursuant to Article 71 of the Articles of Association ("**Articles**") of the Company.

The Group Cossec briefed on the voting procedures and procedures for demand for a poll. As provided under Article 76(a) of the Articles, unless a poll is demanded, all resolutions would be voted by way of a show of hands. However, pursuant to paragraph 8.29 of the Main Market Listing Requirements ("**Main LR**") of Bursa Malaysia Securities Berhad, it is now a requirement that a listed issuer must ensure that any resolution tabled at an AGM to be voted by poll.

The Group Cossec informed that Article 76 (a) of the Articles further provides that the demand for a poll is to be made before or on the declaration of the result of the show of hands unless it has been demanded prior to a vote being taken on a show of hands and the demand for a poll could be made by the Chairman.

For this purpose, the Chairman exercised his right as the Chairman of the meeting to demand for a poll in accordance with Article 76(a) (i) in respect of all the resolutions which would be put to vote at this AGM.

The Chairman informed that similar to the last AGM, the poll would be conducted through electronic voting conducted by Tricor Investor and Issuing House Services Sdn Bhd ("**Tricor**") as the Poll Administrators and results would be verified by Deloitte Enterprise Risk Services as Scrutineers. At the last year's AGM, e-voting was conducted via iPad available at e-voting kiosks. For today, to further facilitate the voting process, Axiata has extended the e-voting process through e-Vote mobile application ("**e-Vote App**"). Free Wi-Fi was provided to encourage shareholders and proxyholders to download the e-Vote Apps onto their mobile device and personnel from Tricor would provide guidance on the usage of the e-Vote App. Shareholders could also opt to cast their vote at the e-voting kiosks should they prefer to do so.

In furtherance of his rights under Article 77 of the Articles, the Chairman exercised his right to defer all polls to be conducted upon completion of the deliberations of all items to be transacted at the 26th AGM to ensure orderly proceedings of the meeting.

3.0 NOTICE

The Chairman with the permission of the meeting proposed for the Notice of 26th AGM dated 24 April 2018 and despatched together with Annual Report 2017 (“**AR2017**”) and Sustainability Report in CD-ROM format to be taken as read and seconded by Ms. Lun Phik Kuan, a shareholder.

The Chairman highlighted that the digital version of AR2017 and Sustainability Report is downloadable from the Investor Relations section of Axiata’s corporate website.

4.0 PRESENTATION BY PRESIDENT & GCEO

- 1) The Chairman invited the President & GCEO to give a presentation on Axiata Group’s performance in 2017 and 1Q18 Financial Results released to Bursa Malaysia Securities Berhad prior to the 26th AGM on 23 May 2018.
- 2) The President & GCEO thanked the shareholders for their attendance and shared his presentation entitled ‘Journey to Becoming a Digital Champion’ covering, inter-alia, the following:-
 - i) Historical Highlights & 2017 Performance;
 - ii) 2018 Performance Outlook;
 - iii) Axiata 3.0 – Becoming a Digital Champion; and
 - iv) Conclusion and Key Takeaways.
- 3) The Chairman summarised the key points of the presentation and proceeded to inform that the Board had, on 17 May 2018, received a letter from the Minority Shareholder Watchdog Group (“**MSWG**”) (“**MSWG’s Letter**”) raising several queries which Axiata had responded to. Full version of Axiata’s reply dated 21 May 2018 is made available on Axiata’s website.
- 4) For the benefit of the shareholders, the President & GCEO gave a summary of the key questions raised in the MSWG’s Letter; amongst others, on the current Average Revenue Per User (ARPU) for post-paid and pre-paid, number of subscribers for post-paid and pre-paid, current market share for post-paid and pre-paid and targeted population coverage for 4G and 4G LTE Advanced in financial year 2018 (“**FY2018**”) for Celcom Axiata Berhad (“**Celcom**”) as well as the Group market share in Cambodia, Sri Lanka and Nepal. In relation to governance matters, MSWG queried on the non-disclosure of the senior management’s remuneration component in bands of RM50,000 as recommended under Practice 7.2 of the Malaysian Code on Corporate Governance (“**MCCG**”) and the Company’s alternative practice adopted and how such practice achieves the intended outcome as set out in the MCCG. Also asked was on the material changes in the proposed new Constitution of the Company, all of which were covered in the said reply letter.
- 5) The Chairman explained that eventhough Axiata would still potentially perform well based on its long term plan, it would still be operating in a challenging and difficult industry. With OTT becoming a distraction to all telcos worldwide, Axiata Group is still fortunate as there is still growth in Indonesia, Bangladesh and Sri Lanka while Malaysia is shrinking. However, amidst this very difficult industry, the value of infrastructure is seen in the success of Axiata’s subsidiary, edotco Group Sdn Bhd. The Board also needed to consider how to deal with new digital ventures which require intensive investment.
- 6) Thereafter, the Chairman invited the representative from MSWG, Puan Lya Rahman to say a few words.
- 7) Puan Lya thanked the Board and also congratulated the Board on the disclosure on individual basis of Directors’ remuneration in the AR2017. MSWG have over the years put

much emphasis on this especially for Axiata being one of the companies with leading corporate governance practices in Malaysia.

- 8) Puan Lya then proceeded to seek further clarification on the following issues:
- i) The reason for increase in non-audit fees for external auditors.
 - ii) Whether Standard Operating Procedures (“**SOP**”) for external auditors’ selections are available.
 - iii) Whether there will be more woman directors in the Company in the future.
- 9) Responses from Mr David Lau (“**DL**”) the Chairman of Board Audit Committee (“**BAC**”) on the questions pertaining to external auditors were summarised as follows:-
- A total of RM30 million audit fees was spent last year versus non-audit fees of about RM28 million. Considering the number of companies in Axiata Group operating in various countries, the total audit fees spent was reasonable.
 - On the non-audit assignments, the activities were mainly to support corporate governance and advisory works, particularly on merger and acquisition (“**M&A**”). DL assured that all the non-audit works have competitively undergone a thorough procurement process. In addition, at least once in 6 months, Management will present to the BAC the fees spent on audit versus non audit. As the rule of thumb, the ratio of 50-50 should not be exceeded.
- 10) As for the number of woman directors in the Company, the Chairman updated that there would be addition in the immediate future. The President & GCEO reiterated that Axiata is very committed to this agenda.

5.0 AUDITED FINANCIAL STATEMENTS (“AUDITED FINANCIAL STATEMENTS”) FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2017 (“FYE2017”) TOGETHER WITH THE REPORT OF THE DIRECTORS AND THE AUDITORS (“REPORTS”) THEREON

- 1) The Chairman tabled the Audited Financial Statements and Reports as set out on pages 40 to 159 under the Governance & Audited Financial Statements 2017 (“**GAFS2017**”) of the AR2017.
- 2) The Chairman highlighted that as stated in the Notice, the Audited Financial Statements will not be put forward for voting. This is in line with the provision of Section 340(1) of the Companies Act 2016 (“**CA 2016**”) which only requires the Audited Financial Statements to be laid before the shareholders. The Audited Financial Statements are tabled at the 26th AGM only for discussions and for the Board to address any queries.
- 3) The Chairman informed that PricewaterhouseCoopers PLT (“**PwC**”), had in the Auditors’ Report on pages 160 to 164 under the GAFS 2017 of the AR2017, given their opinion that the Audited Financial Statement have been properly drawn up and present a true and fair view of the financial position of the Company and Group as at 31 December 2017. The Chairman also introduced Mr Irvin Menezes, the partner of PwC. The motion for the Auditors’ Report to be taken as read was proposed by the Chairman and seconded by Mr William Woon Peng Wah, a shareholder.
- 4) The Chairman invited questions from the floor on the Audited Financial Statements. Comments and/or queries from shareholders/proxies and the summary of proceedings were as follows:-
 - i) Mr. Moothu Kumaran Bass, a shareholder, questioned and/or commented on the following:-

- a) The update on the merger of TM and Axiata.
- b) Potential inclusion of younger generation on the Board.

The Chairman advised that after looking at several younger candidates with digital background, it was thought that they might not be too interested in other aspects of the business such as merger and acquisition, finance or governance. To address this challenge, the Board had agreed to appoint them on a digital advisory board.

On the rumours about the potential merger between TM and Axiata, the President and GCEO highlighted that there have been many discussions with TM on how best to work together as a team. He stated that merger might not be the best answer.

He added that Axiata has worked with TM to leverage on each other's assets through collaboration, particularly in the area of network. Both parties are also working together in areas beyond network which is still work in progress. At the moment, GCEO expressed confidence that Axiata would be able to achieve our vision to be the regional champion even without the merger.

- ii) Encik Mohamad Baharuddin bin Hassan, a shareholder, enquired on the following:-
 - a) Axiata's plan to compete with other countries' 4G internet connection.
 - b) Grooming of local talent in the company at regional level.

Response from the Chairman on the above are as follows:-

On b), the Chairman highlighted that we have always tried to find Malaysian talent as could be seen from Axiata's flagship CSR program aiming to groom future CEOs. While having more Malaysians are quite significant, since we are building a regional company, getting the right mix is quite key and meritocracy should always be the basis. While there is a developmental program in place to groom local talent in Malaysia, Malaysians are also being sent elsewhere to other countries where we operate. Chairman, however acknowledged that definitely more could be done in this area.

On a), the President and GCEO highlighted that for 4G expansion in all the countries including Malaysia, the focus is on the coverage quality. We have invested about RM 1.3 billion last year, the biggest amount invested. For Malaysia, 50% of the amount spent was on 4G and the coverage quality has improved from 85% to 93%. There is still a lot of room for improvement. Today's reality is eventhough the data price is going down, the volume requirements are going up hence we would have to keep on investing to catch-up. In 2016, we were not in the top two, but in 2017, up to now we are among the best in almost every area in every region.

On b), the President and GCEO explained the talent process in Axiata where selection is done by a Talent Council that looks into all aspects including nationality. Appointing Malaysians is an objective he pursued as well but he disagreed on restricting to only Malaysians as this is not in line with our aim to have a diversified Management team in all the companies we operate. As a foreign investor, we also need to respect the countries we are operating in. Furthermore, some of these companies would not be easy for the Malaysians to run.

- iii) Encik Mohd Shafie Abd Rahman, a shareholder, raised the following questions:-
 - a) What are the steps taken to address Celcom's drop call and network quality coverage.

- b) What is Axiata's work culture in replying emails to external parties since there have been no reply to all emails from gerakan sekerja written by him to Axiata.

On b), the Chairman responded that all emails should have been replied to and addressed. In this respect, he requested Management to look into the matter raised by the shareholder.

On a), the President & GCEO informed that Celcom is working very hard on its network coverage including spending almost RM1.3 billion last year as mentioned earlier. On the network quality issue, the President and GCEO requested Celcom's network personnel to meet Encik Mohd Shafie to understand exactly the issue he has been facing and to address the same.

On b), the President & GCEO apologised and informed that not replying email is not a culture in Axiata. Axiata HR will contact Encik Mohd Shafie to get a clear understanding of the issue.

- iv) Mr. Tan Kwong Meng, a shareholder, enquired whether Reliance Jio ("**Jio**") business model is the best model for telco and if the same could be replicated.

The President & GCEO responded that there is no easy reply to Mr Tan's question. He explained what he understood of what Jio was trying to achieve in India and concluded that no one was 100% sure whether this business model would work. However, in a decade or two, this will make a good case for business review.

The Chairman added that behind Jio is Reliance Group owned by Mr Mukesh Ambani who is the richest man in India. Not many companies would have the resources to emulate their business model.

With that, the Chairman concluded the question and answer session for Agenda 1 on the receipt of Audited Financial Statements and proceeded to the next agenda.

6.0 DECLARATION OF FINAL TAX EXEMPT DIVIDEND UNDER SINGLE TIER SYSTEM OF 3.5 SEN PER ORDINARY SHARE FOR THE FYE2017

[Ordinary Resolution 1]

- 1) Axiata Board had, on 22 February 2018, for both prudent and strategic reason, recommended a conservative Final Dividend of 3.5 sen, implying a total dividend payout ratio of 64% based on FY2017 normalised PATAMI of RM1,205 million (including the interim dividend of 5 sen per Axiata Share paid last year on 9 November 2017). If the Final Dividend is approved, the total dividend of 8.5 sen for the FY2017 would tantamount to a total payout of approximately RM767 million with a dividend yield of 1.5% (based on a 3-month VWAP).
- 2) The Final Dividend is subject to the approval of the shareholders at this Annual General Meeting. In accordance with Section 131 of the CA 2016, a company may only make a distribution to the shareholders out of the profits of the company available, if it is solvent. In declaring the Final Dividend, the Board as required under Section 132(2) and (3) of the CA 2016, had considered the amount of dividend and is satisfied that the Company will be solvent immediately after the distribution is made and within 12 months immediately after the distribution.
